

## Mobile Unit Driver

**Title:** Mobile Unit Driver

**Reports to:** Director of Venue Relations & Field Engineering

Beers Enterprises, LLC (“The Switch”) founded in 1991, is the largest privately held video solutions service provider in North America. The Switch is recognized as the industry leading pioneer of video solution services through our innovative fiber optic network and currently provides advanced video switching and local fiber circuit services, scalable Ethernet, and *Home Runs* remote production via its *Five Nines Service* across the United States, United Kingdom, and Canada. The Switch was awarded a U.S. system patent for customer-controlled video data content delivery, the 2013 New Bay Media Product Innovation Award for Switch-IT, and the 2012 Broadcast Engineering Excellence Award for Network Automation. The Switch has experienced explosive growth and offers a fast paced and dynamic work environment with a focus on exceeding both individual and team expectations. Our customers demand “Unparalleled Quality” and *FiveNines* reliability from our network and it is our corporate responsibility to satisfy their expectations by continuing our expansion in services and network reach, while remaining cost effective. The Switch has facilities at every NHL, NBA, MLB, MLS, and NFL venue, and each one is unique.
