

ICOD RATE CARD

About ICOD

Inter-City on Demand (ICOD™) is the longhaul fiber transmission service offering of The Switch™. ICOD is available between each of the active 52 cities of The Switch and is capable of transmitting in the following formats:

- 270 Mbps SDI (Customer encoded ASI capable up to 210 Mbps)
- JPEG 2000 (4) - Service includes 1 audio group with 4 embedded audio channels
- JPEG 2000 (16) - Service includes 4 audio groups with 16 embedded audio channels
- Uncompressed HD

ICOD Benefits:

- Ability to transmit on-demand or by scheduling transmissions in advance.
- No minimum transmission time required
- Customer Control
- Ability to monitor activity through Switch-IT™
- Low per-minute rates
- "Pay only for what you use" policy
- No cancellation penalty policy

ICOD QUALITY OF SERVICE	DOMESTIC PER-MINUTE RATES	INTERNATIONAL PER-MINUTE RATES
SDI 270 Mbps	\$4	\$6
JPEG-2000 Compressed High Definition (4)	\$6	\$8
JPEG-2000 Compressed High Definition (16)	\$7	\$9
Uncompressed High Definition	\$10	\$12
