

# ICOD RATE CARD

## About ICOD

Inter-City on Demand (ICOD™) is the longhaul fiber transmission service offering of The Switch™. ICOD is available between each of the active 53 cities of The Switch, and supports the following formats:

- ASI 50Mbps - with customer provided encode/decode equipment
- ASI 80Mbps - with customer provided encode/decode equipment
- ASI 213Mbps - with customer provided encode/decode equipment
- 270 Mbps Uncompressed SD-SDI
- JPEG 2000 (4) - Service includes 1 audio group/4 embedded audio channels
- JPEG 2000 (16) - Service includes 4 audio groups/16 embedded audio channels
- 1.485 Gbps Uncompressed HD-SDI
- 4K Capable

ICOD QUALITY OF SERVICE	DOMESTIC PER-MINUTE RATES	INTERNATIONAL PER-MINUTE RATES
ASI (50)	\$3	\$5
ASI (80)	\$3.50	\$5.50
ASI (213)	\$4	\$6
SDI 270 Mbps Uncompressed SD-SDI	\$5	\$7
JPEG-2000 Compressed High Definition (4)	\$6	\$8
JPEG-2000 Compressed High Definition (16)	\$7	\$9
JPEG 3G (16)	\$8	\$10
1.485 Gbps Uncompressed HD-SDI	\$10	\$12

## Benefits Include:

- Low per-minute rates
- No minimum transmission time required
- Ability to monitor activity through *SwitchIT*
- Customer Control
- Ability to transmit on-demand or by scheduling transmissions in advance
- "Pay only for what you use" policy
- No cancellation penalty policy
